MSc in Cosmetic Expertise

FORMULATION & APPLICATIONS

(RNCP n°26 943 Title: Manager des process de création et de développement des produits Parfum, Cosmétique et Arômes alimentaires)

English-taught Postgraduate Program

Unleash your creativity at ISIPCA

Dear future Students,

ISIPCA is the first higher school of the Chamber of Commerce and Industry of Paris, dedicated to Perfumes, Cosmetics and Flavours. ISIPCA, located in Versailles, was created in 1990 by Jean-Jacques Guerlain, a descendant of the founder of the iconic Guerlain House.

ISIPCA offers undergraduate, graduate and postgraduate programs recognized by academics, professional bodies and companies. All our English-taught trainings will allow you to acquire the technical knowledge required by recruiters around the world. Our cutting-edge professional equipment will allow you to reach your full potential and practice in the real lab environment. Our faculty is composed of professionals who will share their high-level expertise in olfaction, sensory evaluation, product formulation and technical analysis.

During your training, a work placement will complete your postgraduate program and be a chance to sharpen your talent and know-how.

Our training programs will help you to build your future professional network. You will meet students from many countries. You will live a multicultural experience and you will spend friendly moments together.

ISIPCA is a great place to study! Let yourself be drawn into the world of perfumes, cosmetics and flavours and keep in mind that it takes time to learn how to smell and how to create new products!

Whatever your program and project, I wish you all the best in your future!

Dr Lydie GUMERY
Academic Director, ISIPCA

The MSc Cosmetic Expertise aims to help you develop your knowledge of cosmetic raw materials, to learn how to formulate hygiene, skin care or makeup products and to develop your expertise in sensory evaluation. This training will allow you to obtain the diploma of "Manager des process de creation et de développement des Produits Parfums, Cosmétiques et Arômes alimentaires", registered as the RNCP#26943.
