Your answers to the following questions will be forwarded to the members of the selection panel if you are selected for an individual interview. Please answer carefully.

Family name / First name:

Description of your professional project

In a few lines, describe your professional project.

Please provide a brief summary of prior academic performance - How would you describe yourself as a student?

Why would you like to be accepted into this program ?

What is your motivation ?

What have you achieved in your past experiences (either in school, personally or professionally) that you are most proud of and can be considered assets/strengths for this program (including internships)?

Important reminder

Information and personal data included in this application will be shared with IFF as part of the application process.

I hereby certify that I have read the general terms and conditions for registration and I accept them.

I understood that the Master of Science Scent Design & Creation is a Specialization Track of the "Titre Manager en Process de Développement et de Création des produits Parfum, Cosmétique et Arômes alimentaires – Certification professionnelle code NSF 222n. Titre enregistré, de niveaux I (Fr) et 7 (EU), au Répertoire National des Certifications Professionnelles par arrêté du 26 septembre 2016, publié au Journal Officiel du 4 octobre 2016. La certification est accessible par la VAE."

I accept that the full balance of tuition must be paid upon receipt of fees invoicing. It is an indispensable condition for the final admission.

I declare on my word of honour that all of the above information is accurate.

General terms and conditions and Admissions procedure

(section to be retained by the applicant)

Required qualifications

To be eligible for the Professionnal certificate with a master level in formulation and evaluation for fragrances, applicants must have one of the following postgraduate qualifications:

- Bachelor degree in sciences or minimum 2-3 years degree in sciences, Chemistry, Chemical engineering, Engineering, Biochemistry, Mathematics.
- Any other qualification deemed to be of an equivalent level by the selection panel composed of representatives from ISIPCA

Submission of applications

Applications shall be submitted through completion of this form.

The application form must be signed and dated in its entirety (to be opened, completed and saved exclusively in Adobe Acrobat Reader).

Application forms must be submitted as an attached document via the interface:

<https://formation.cci-paris-idf.fr/ISIPCA/index.php/preinscription/>

The supporting documents listed in the box below must be included in both the electronic application

The qualification required for admission must be obtained in full prior to the course start date; however, please do not wait until the qualification has been received before submitting the form.

Forms will be selected as soon as full applications have been received. The first interview sessions will begin in June.

Course fees

Students and recent graduates: € 10,250, per year, excluding social security (healthcare) registration.

Supporting documents which must be included with the files

The duly completed application form must be submitted to us together with the following supporting documents:

- recto-verso copy of national ID card or passport,
- copy of qualifications obtained,
- copy of grade transcripts,
- recommendation letter,
- TOEFL Certificate
- CV with photo,
- letter of motivation,
- payment for the application fee: €200 non refundable, must be done online.

Please note: for international applicants, any documents in a foreign language must be translated into French or English.

Admission procedure

Candidates are selected by means of a number of steps:

- Examination of the application form upon receipt
- Invitation to a motivation interview (face to face or video) before a selection panel composed of leading academics from ISIPCA.
- Olfactive screening test.

Applicants selected on the basis of their application form will receive an email inviting them to interview. Following this interview the members of the selection panel will draw the list of admissible applicants.

Please note: To ensure your file is processed correctly, DO NOT WAIT until you have received confirmation that you have obtained the qualification required before returning your application form.
